- Add preconditions stating the required account balance for each test case.
- Clarify the steps to ensure they align with the test case title and expected result.
- Specify the expected system logging, email confirmation, and error messages in the expected results.
- Ensure that each test case has a unique and specific purpose.

1. Improved Test Case:

- TC_BT_001:
  - Title: Verify successful fund transfer within daily limit and sufficient balance
  - Preconditions: User is logged in with an active account, has a balance above the transfer amount, and daily limit is not exceeded
  - Steps:
    1. Navigate to the 'Fund Transfer' page.
    2. Enter valid beneficiary details.
    3. Enter an amount within the daily transfer limit.
    4. Submit the transaction.
  - Expected Result: Transaction is completed successfully, a confirmation message is displayed, and a

Default Session

- TC_BT_002:
  - Title: Fund transfer with insufficient balance
  - Preconditions: User is logged in with an active account, balance is below the transfer amount
  - Steps:
    1. Navigate to the 'Fund Transfer' page.
    2. Enter valid beneficiary details.
    3. Enter an amount within the daily limit but exceeding the available balance.
    4. Submit transaction.
  - Expected Result: Transaction fails due to insufficient balance, and an error message is displayed.
- TC_BT_003:
  - Title: Verify OTP authentication for fund transfer
  - Preconditions: User is logged in with an active account, has a sufficient balance, and OTP is sent to the registered mobile number
  - Steps:
    1. Navigate to the 'Fund Transfer' page.
    2. Enter valid beneficiary details.
    3. Enter an amount within the daily limit.
    4. Enter OTP received.
    5. Submit transaction.

Default Session

- TC_BT_004:
  - Title: Fund transfer with invalid beneficiary details
  - Preconditions: User is logged in with an active account, has a sufficient balance
  - Steps:
    1. Navigate to the 'Fund Transfer' page.
    2. Enter invalid beneficiary details.
    3. Enter an amount within the daily limit.
    4. Submit transaction.
  - Expected Result: Transaction fails due to invalid beneficiary details, and a specific error message is displayed.
- TC_BT_005:
  - Title: Verify daily limit exceeded for fund transfer
  - Preconditions: User is logged in with an active account, daily limit is exceeded
  - Steps:
    1. Navigate to the 'Fund Transfer' page.
    2. Enter valid beneficiary details.
    3. Enter an amount exceeding the daily limit.
    4. Submit transaction.
  - Expected Result: Transaction fails due to daily limit exceeded, and a specific error message is displayed.
